

*EBHR exists to deliver customized tools and processes to market in a way that makes the most sense for small and mid-sized companies."*

*Our of our most successful client partnerships allows us to deliver on our above commitment while doing good in the community at the same time.*

Late last year, EBHR provided leaders of **SPIRITT Family Services** complimentary 360 degree feedback and 1:1 coaching. Such leadership development would have been out of reach for a non-profit organization, however, thanks to kind volunteer coaches EBHR arranged, SPIRITT leaders gained valuable individual and collective insights.

#TheLeadershipCircle

SPIRITT Family Services, an EBHR client since 2012, is an extraordinary non-profit organization bringing support to underserved communities throughout Southeast Los Angeles - #SPIRITTFamilyServices. Using its strength based family centered approach, SPIRITT serves over 8,000 individuals each year. This fall, we invite you to join EBHR as a fifth year sponsor of their annual gala: <http://www.spiritt.org/spiritt-gala/>. We hope to see you there!

Thank you EBHR partner – we salute you! #PowerofPartnerships
